

MERCY REGIONAL COLLEGE NEWSLETTER

ISSUE 2-4

13th June, 2014

FROM THE PRINCIPAL

Our Vision

Mercy Regional College serves a wide rural community which values growth and diversity in Catholic Education in the Mercy tradition.

Our Mission

In the Spirit of the Gospels we commit ourselves to the core values of community, inclusiveness, learning, care, justice and mercy, excellence and achievement.

Our Focus for 2014

In the Mercy tradition, we seek to act with love, fairness, tolerance and compassion to all.

Already we are almost at the end of second term and, therefore, more than halfway through the school year; given this, it is opportune to take some time to reflect on what has been a busy and sometimes difficult five months for the Mercy Regional College community.

One aspect of many schools and, especially, Mercy, is the great sense of happiness, joy and affirmation found in the schoolyard, classrooms or corridors. We often overlook what a powerful tool this positive energy and outlook is for the wellbeing of students and staff and my reflection today focuses on the value of a smile,

The Smile

*I shot a smile into the air,
It came to earth I know not where;
Perhaps on someone else's face
In some forgotten place.
Perhaps somewhere a sleeping child
Has had a happy dream and smiled
Or some old soul about to die
Has smiled and made a little sigh;
Has sighed a simple, final prayer
Which lifts up gently in the air
And flows into the world, so wild,
Perhaps to wake the sleeping child.*

EduTECH Conference

For the second year in a row, I was privileged last week to attend the EduTECH Conference which is held annually in Brisbane. On the surface, EduTECH appears to be simply a gathering of companies and technicians keen to promote the latest in technology and gadgets, but its real value is the world-class keynote speakers it attracts and the ideas that they challenge us with to rethink what constitutes best practice in education in 2014. I look forward to sharing some of the ideas that resonated with me over the next couple of months and they will certainly inform the strategic directions of Mercy Regional College in teaching and learning over coming years.

Annual Report to the Community

Each year, the College is required by the Federal Government to complete an annual compliance report that examines all aspects of College life.

This report is available to all parents on the Mercy website, www.mercy.vic.edu.au and includes sections on Catholic School Culture, Learning and Teaching, Wellbeing, Leadership and Management, Community and our financial performance.

End of Semester Examinations and Assessment

As has been emphasized in recent newsletter, the next few days see students in Years 8 – 11 complete semester examinations across most subject areas. Although they are but one means of assessment, the study and revision skills necessary to perform well in these assessment are important learnings for all aspects of school life. I wish all students well.

Following the completion of exams and other semester assessments, teachers will complete students' semester reports and part of this, **next Thursday 19th June is a Correction Day for staff**. No classes will operate at either campus.

Student Activities

In addition to the important academic work associated with the end of semester, students have been involved in a number of other activities, they include:

- All students studying a VCE Unit 3-4 unit or sequence who completed the VCAA's GAT on Wednesday at Camperdown College. Congratulations to all involved on the mature and conscientious way that this important task was completed.
- Thirty-three Year 11 students and a number of staff travelled to the Alfred Hospital in Melbourne to participate in the PARTY program.
- All Year 9 students were involved in the "Try a Career Day" hosted by Deakin University and SWTAFE at the university's Sherwood Park Campus.

- Year 8 students spent last Thursday on retreat at the Noorat Community Centre focused on 'A Just World' and a number of social justice issues.
- Good luck to the Year 12 students involved in tonight's Footy Colours Night and to those students who participated in the GW Cross-country competition today in Hamilton.

Yours in Mercy,

2014 WCB Dairy Photo Competition Tips

We received some fantastic photographs last year, and 2014 should be no different! To give your photograph the best chance of winning, here are a few things to keep in mind before you start:

- Set your camera to the highest resolution, or finest picture setting, available. High resolution and high megapixels are essential for print quality, especially when printing larger format documents such as posters or calendars.
We're asking for a minimum file size of 2 MB, but if your camera settings can go higher, please send us the largest file you can. Your email may limit file size to around 8 MB, so you might need to email one file at a time.
- If your photo is to feature a product, think about how and where you place it. Products should be shown front-on, so that labels, logos and wording are clearly legible.
- Please don't submit photos of people, clothing or landscapes showing logos associated with any brand, dairy or company other than WCB and its brands. We need authentic local scenes and people genuinely associated with WCB in our publications and websites.
- If you are submitting a black and white photograph, please also send a colour version of the same photo, if possible. Black and white photography looks great on a calendar, but colour is preferred for advertising, so having access to both versions gives us more options for future use.

Judging

To make sure entries are anonymous, and that judging is fair and unbiased, we have adopted the following process:

- An independent Coordinator collects, stores and manages entries, printing the photos, removing names and allocating numbers for identification.
- Once the competition has closed, the Coordinator distributes the numbered photographs to the Judging Panel.
- Judges select winning photographs by consensus and hand them to the Coordinator.
- Judges then select 20 photographs that have not won a Judges' choice category. These photos are entered into the People's Choice category, and displayed at the Cheese World restaurant, the Cheese World Facebook page, and on the WCB website. The winner is selected by public vote.
- The Lucky Voter hamper winner will be drawn at Cheese World at 10am on August 20.
- The Coordinator identifies the winning entries for notification.
- Judges and their relatives are not permitted to compete in the WCB Dairy Photo Competition. Judges are not permitted to vote on the People's Choice award.
